Subject: Gulfco Marine Maintenance - WasteLan Data for Input

I just left you a voicemail message regarding the email below. I am attempting to update WasteLan with the correct planning information for the site, and I'm wondering if you will check out the RI/FS planned start along with planning info. for RI/FS negotiations (and anything else that would be RPM-originated data.) I think we should have all the other enforcement data entered by COB today.

Thanks.
